Digital Solutions Specialist

Digital Solutions Specialist with experience across sales, marketing, client consultation, and front-end web development. I help identify business problems, sell practical digital solutions, and support the development of custom websites and web experiences that align with commercial goals.

EXPERIENCE

Luminous Labs

OCT 2025 – CURRENT

Digital Solutions, Marketing & Web Development

- Lead digital strategy, business development, and client consultation to align marketing and web solutions with business objectives.
- Support custom web development direction, including React front-end experiences and headless CMS-driven digital platforms when required.
- Bridge clients, creative direction, and technical execution to ensure campaigns and web projects are delivered effectively.

Omnia, Media Prima Berhad

OCT 2023 – OCT 2025

Sales Executive

- Managed client relationships and generated leads to drive business growth and marketing performance.
- Developed strategic campaign ideas and advertising solutions aligned with client objectives.
- Collaborated with internal teams to execute marketing initiatives and improve campaign effectiveness.

Digital Craft Solution

JUN 2022 – OCT 2023

Sales, Marketing & Web Development Consultant

- Consulted businesses on marketing and custom website solutions, converting client needs into paid digital projects.
- Collaborated on front-end website development, React-based interfaces, and headless CMS project delivery.
- Prepared proposals, pitched solutions, and coordinated between client requirements and technical execution.

SocialGrooves, Digitally Asia

JUN 2021 – JUN 2022

Frontend Web Developer

- Developed responsive websites using HTML, CSS, JavaScript, PHP, WordPress, and CMS integrations.
- Built user-focused website experiences with attention to responsiveness, usability, SEO, and performance.
- Collaborated with creative and technical teams to deliver client-focused digital experiences.
